Jamell Dacon is a fourth-year Ph.D. student in the Department of Computer Science and Engineering at Michigan State University (MSU). Jamell Dacon's doctoral dissertation is supervised by Dr. Jiliang Tang. He is a member of the Data Science and Engineering (DSE) Lab at MSU. He is a computer scientist in training and an aspiring data scientist. His current research focuses on examining subjectivity in textual data; sentiment analysis; polarity/opinion identification and extraction, and linguistic analyses of social media behavior. He is a recipient of the University Enrichment Fellowship (UEF) award by The Graduate School at MSU, Graduate Leadership Fellowship by the College of Engineering, and an NSF Research Traineeship IMPACTS Fellowship. He is very passionate about Volunteering, Community Outreach, Diversity and Inclusion.
